

Community Mediation & Restorative Services, Inc.

Helping Resolve Conflict and Repair Harm

2024 Annual Impact Report

Community is at the center of everything we do

Since 1983, CMRS has helped individuals and communities engage in respectful and productive conversations, resulting in better understanding and creative, concrete solutions. We believe many of our community's most pressing issues – such as housing instability, school conflict, youth crime, and neighborhood discord – stem from an unresolved dispute or harm. Our role, with the generous support of trained volunteer mediators, facilitators and partner organizations, is to systematically change how communities prevent, understand and address conflict and harm.
